RPG

Our Extensive Product Line

Heinzmann has an extensive product line that covers all aspects of gas engine management. We can offer individual systems and components as well as total solutions for gas compression engine control and monitoring.

- Speed/load control products
- Air and fuel ratio controllers
- Electronic actuators
- Digital positioners
- Ignition control
- Waste gate valves
- Throttle valves
- Speed sensing equipment
- Knock control and misfire detection
- Pantheon complete gas engine management system

Component Repair Program

RPG customers' equipment can be delivered to our service centers for repair and return. In addition, RPG can offer components on an exchange basis. In this case, a rebuilt unit would be sent to the customer in exchange for core component.

Our Service Reports include:

1. Photos before and after of all major steps.
2. Initial bench test results.
3. Complete disassembly of unit.
4. Damage findings.
5. Additional quote for anything found outside of standard Heinzmann overhaul.
6. Standard overhaul set of parts installed.
7. Final bench test.
8. Unit is cleaned, painted, and connections covered with protective caps.
9. Service report emailed to customer and component packaged for shipment to customer.

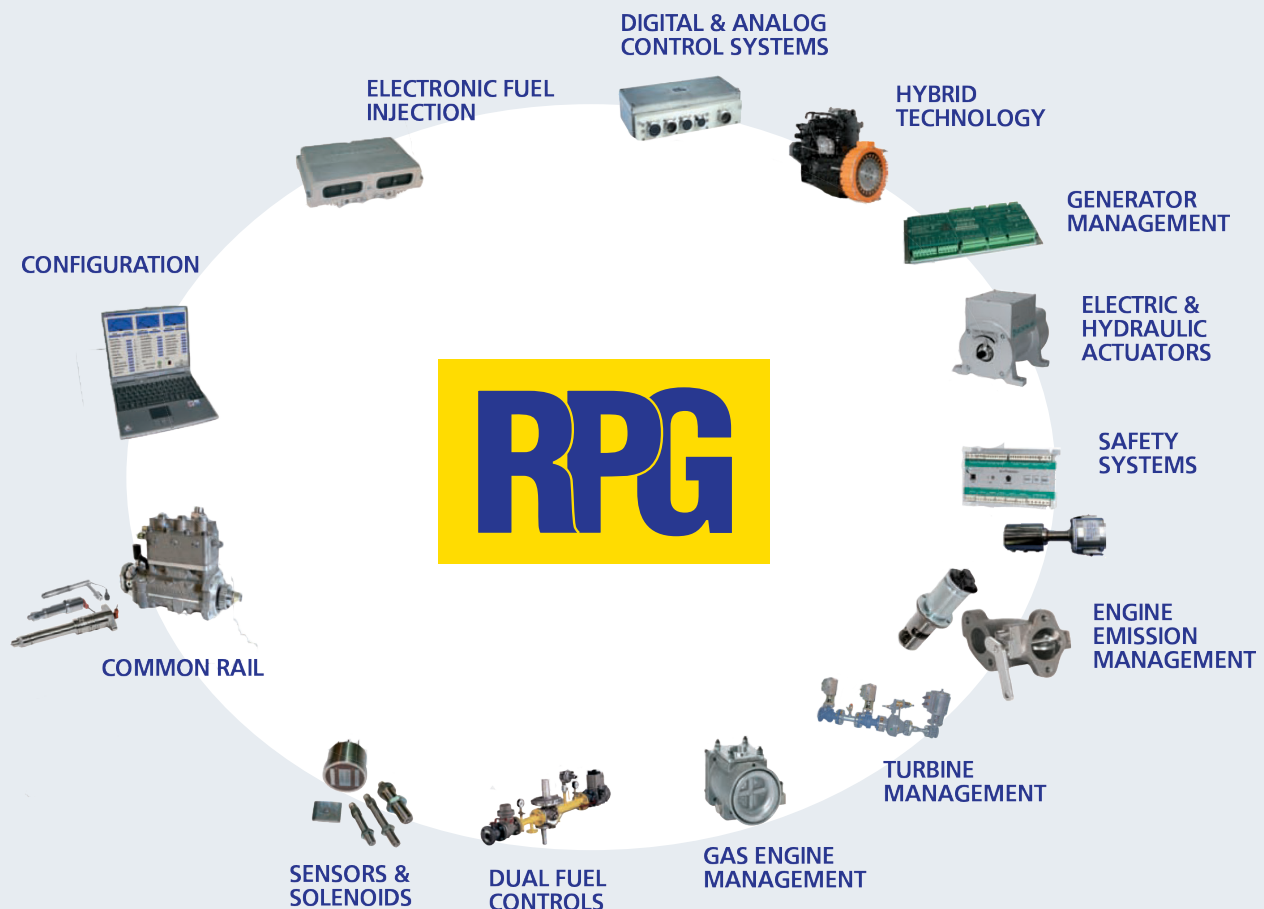

Why Choose RPG?

With headquarters in Houston, Texas, RPG is an authorized distributor of Heinzmann and Regulateurs Europa. Heinzmann is the OEM (Original Equipment Manufacturer) for gas engine components originally supplied to Waukesha and Caterpillar for their gas engine production. RPG only provides original, OEM equipment. Its overhaul and rebuild processes conform to the manufacturer's quality standards. With five offices to support you, RPG is well positioned to meet your needs domestically and internationally.

Who We Serve

- Gas engine sales & service organizations
- Gas engine fleet management organizations
- Gas engine rental organizations
- Gas pipeline & gathering organizations
- Gas engine service and repair organizations

About RPG

Resource Power Group (RPG) is the trade name for Louisiana Machinery Company LLC's large, medium speed engine business. The company was established in 1933 and is a privately-owned business approaching \$1 Billion in annual revenues. RPG is an authorized distributor for EMD and MaK engines, for Mitsubishi and Napier turbochargers, and for Heinzmann and Regulateurs Europa governors and Noris controls.

RPG, with offices in Houston, Miami, New Orleans, Ciudad del Carmen (Mexico), and Panama City (Panama), focuses on power, marine, gas compression, and industrial applications in the "Middle Americas" including the Southern US, Mexico, Central America, the Northern part of South America and the Caribbean islands.
